# GEORGE GRAHAM

Good afternoon and welcome to The Den for what is probably our last-but-one home game of the season.

I say 'probably' because there could still be a possibility of playing in the Final of the Associate Members' Cup, for which the semi-final game at Plymouth has finally been fixed for two days before the FA Cup Final. If we win we then have to play the Southern Final and then (hopefully) the National Final which could possibly be at The Den. I should think there'd be a risk of clashing with the Wimbledon tennis, if not the Olympic Games!

Whatever happens, it's been a hectic finish, in which my hopes that we might be spared further injuries didn't last long. Those of you who saw the 'derby' games with Orient and Wimbledon over Easter will have seen Dave Cusack and then David Martin join the walking wounded.

Big Dave's injury at Orient contributed to our 5-3 defeat after we'd been in the lead three times, and left us with another gap to fill for the home game with Wimbledon, when we managed a fighting draw.

And by the time we went to Scunthorpe last Friday, Theo and I were thinking of packing our boots. Instead I asked Nicky Chatterton to come in for his first game since that nasty shoulder injury against Brentford in mid-January, and play an unfamiliar role at right-back. Like the true professional he is, Nicky gave an excellent performance, even though he clearly wasn't 100 per cent, and with Keith Stevens doing very well again at centre-half, the result was a fine away win.

A few more results like that earlier in the season and we would have had those extra few points that would have made all the differ-

ence. Instead it looks as though Oxford will be joined in Division Two by Sheffield United and Wimbledon, with Hull having had a bad result at Orient last week and Walsall out of it really since we beat them here.

One disappointment after returning from Scunthorpe feeling very pleased with a win in difficult circumstances was how little publicity the game got in the national press. Indeed one of the biggest disappointments of the whole season off the field has been a lack of publicity for the Club.

I'd exempt our local papers and radio station, LBC, but London also has an evening paper which seems to find very little space for Millwall — or indeed the other smaller London clubs.

When you travel to the provinces and buy a paper you immediately notice how much there is on the local team, whatever division they're in.

So if supporters would like to do something constructive for Millwall why not drop a line to the sports editor of the 'Standard' before the start of next season, saying you'd be more likely to buy the paper if more space was devoted to clubs like ours.

Anyway, four games left, 12 points and a place in the top eight at least to aim for, which would at least be some reward for our recent improvement.

Planning for next season has already begun — don't worry about that! And in the programme for the Exeter game next week I'll talk about some of the lessons from this year and how we hope to improve even more.

I know it came as a great disappointment to everyone that we should surprisingly suffer only our third home League defeat against Lincoln on Tuesday. I shared that disappointment as far as the result was concerned, although not at the way we played, only that Lincoln had two chances and took them. We had most of the play but on the night, didn't take our chances.

Thanks for your support — and a special word to those of you who travelled to Scunthorpe, not arriving back 'til the early hours of the morning. The players really appreciated your backing there. Well done!

## WELCOME TO MONSON SCHOOL

We welcome to today's game, a party of school-children, parents and teachers from our neighbours, Monson Primary School in Hunsdon Road. Several of them of course are already Millwall supporters but with the season drawing to a close we thought it would be nice to get them all together in the forecourt area of the stands. Let's have some vocal support Monson!!!

## THANKS MILLWALL

We have recently received two "thank you" letters from Guys Hospital and the South West Thames Regional Health Authority. Jakki Anderson from Guys writes: "On behalf of all the people waiting for transplants, and the nurses who came to Millwall on Saturday, 14th

April, our thanks to the Club and players for their support to our "Carry a Donor Card" campaign. We all thoroughly enjoyed the day and it was encouraging that so many people were willing to accept a Donor Card.

It was interesting to see that the older generation were not so willing to accept the idea. A few nurses couldn't make the day and they are now disappointed after hearing how enjoyable a time we had."

From Steve Hunt of the South West Thames Regional Health Authority we also received thanks and he informs us that over 2,000 cards were accepted by our fans.

Donor Cards are always available from the Commercial Office at The Den and also from several of our Lottery Agents.

## ADMINISTRATION STAFF

We picture below, the staff of our Administrative offices, who contrary to general opinion, will shortly be entering their busiest period during the close season organising for 1984/85.

Left to right, Sharon Bond who worked for us temporary whilst finalising a career in Dentistry. Sharon likes Millwall so much she comes back and works part time at 1st Team games. Sylvia Shaw, Club Secretary since November, will be particularly involved with all our team's fixtures, Players contracts, Season Tickets and the general financial aspects. On the right Susan McDonald, who joined us recently and as the Telephonist/Receptionist, is the person who normally liaises with supporters and other clubs.

# THIRD DIVISION SCENE

There are certainly no prizes for guessing the Match of the Day in the Third Division this afternoon.

It has to be the promotion battle at Bramall Lane between Sheffield United and Wimbledon.

The Blades, who are in third spot, a point behind the Dons who are second, have spent a great deal of money looking for success.

This is in stark contrast to the South London side who have done remarkably well on small gates and without spending much on transfers.

With Oxford, the leaders, virtually certain to go up, the only other side with a real chance of honours are Hull City who are four points behind Sheffield with a match in hand, but their away form has been wavering with recent away defeats at Scunthorpe and Orient.

Today they take on struggling Southend and may make up ground on their promotion rivals.

With three victories over the Easter holiday period, Southend, under the guidance of former West Ham pals Bobby Moore and Malcolm Allison, looked as though they might escape the drop but a home defeat against Sheffield United plunged them back into trouble.

There is a real scramble at the relegation end of the Division with seven clubs still in danger.

Exeter and Port Vale look doomed and Scunthorpe needed to beat Orient on Tuesday and get a result at Brentford to improve their chances.

The alarm bells are now ringing loudly at Home Park where Plymouth Argyle's wonderful Cup run is catching up with them.

Their League form of late has been disastrous and they will be desperate to beat Walsall this afternoon.

Gillingham's form seems to have deserted them and they were thumped 3-0 by strugglers Rotherham on Saturday and had Terry Cochrane sent off.

## WELCOME BACK NICKY

Nicky Chatterton, out of action since sustaining a serious shoulder injury against Brentford in January had 2 Reserve games then quickly resumed 1st Team duty in the unaccustomed role of right back against Scunthorpe, acquitting himself well.

# TODAYS VISITORS ARE BOLTON

Many people thought that Bolton Wanderers would be amongst the front runners for promotion this season but John McGovern's young side have fallen away in recent weeks after flirting with outside hopes of going up.

On Saturday they were disappointingly beaten at Burnden Park 1-0 by Bournemouth and seem to be ending the season in frustrating fashion.

Bolton have dropped down to 10th position with 61 points from 43 matches.

Away from home they have won on five occasions, drawn six and lost ten. They have only managed to score 19 goals in those 21 games on opponents' grounds.

Despite the disappointment of failing to make an immediate return to the Second Division after relegation last season when they lost their final match at Charlton, Bolton can still look back on the season with some satisfaction.

John McGovern has attempted to rebuild the side and only three of the players in the side today were at Burnden Park when he arrived two

years ago. Bolton are one of the original 12 members of the Football League and were a great side in the First Division for many years although they never managed to win the title.

It is in the FA Cup that the Lancashire club have enjoyed their greatest success. They have amazingly reached seven FA Cup Finals winning the trophy in 1923, 1926, 1929 and 1938.

Although he is still registered as a player, John McGovern rarely plays these days and concentrates on his managerial duties. He took over at Burnden Park in June 1982 after winning League championship honours with Derby County and Nottingham Forest. John also captained Forest to European Cup and Milk Cup successes.

Goalkeeper Simon Farnworth is coached by Bolton's assistant manager Charlie Wright who formerly played for Grimsby and Charlton.

Farnworth is a product of Bolton's youth policy.

Defender Gerry McElhinney was signed from Irish club Distillery for £25,000 in 1980-81 and is a former Gaelic footballer. He was called up this season for the Northern Ireland side.

Brian Borrows was signed from Everton prior to last season's transfer deadline. He made 27 appearances at full back for the Goodison Park club before his move.

Defender Ray Deakin is another former Everton player and was signed on a free transfer from Port Vale in 1982.

Warren Joyce got his chance in mid-field last season for Bolton and has

been an ever present in the side since then.

Defender Peter Valentine crossed the Pennines from Huddersfield in the summer.

Steve Thompson is a former Bolton apprentice who has made his mark in midfield this season.

Gary Bell was signed from Carlisle in February and has plenty of experience. Previously played for Oldham and Preston.

Jeff Chandler cost Wanderers £40,000 when he joined them from Leeds United in October 1981 and has been a prolific scorer.

Bolton's leading scorer this season with 21 goals is youngster Tony Caldwell who was plucked out of non-League football with Horwich in the summer.

Wayne Foster is a former Bolton schools player and has played for England at youth level.

*Front Row (left to right): Charlie Wright (Coach), Jeff Chandler, Steve Saunders, John McGovern (Player/Manager), Ray Deakin, Simon Rudge, Peter Nightingale (Physio).  
Middle Row: Warren Joyce, Neil Redfearn, Steve Thompson, Tony Caldwell, Eric Snookes, Wayne Foster.

# SEASON TICKET PRICES 1984/85

After holding our prices for 2 seasons, we have reluctantly found it necessary to increase our prices all round the Ground, for next season. We are certain that everyone is aware of the severe financial problems that every Football League Club has to bear.

Millwall during the current financial year will lose in excess of £400,000 and this is without taking into account any cost of Transfer fees.

It has become inevitable to us that we cannot begin to achieve our aim to considerably improve our League status if some of our financial burden is not shared with our Supporters.

However, we are offering our usual discounts (approx. 20%) if tickets are purchased in full by 31st May. Furthermore, we are introducing a Family Discount (2 adults and 2 children or 1 adult and 2 children) into the Forecourt seats (Block E or I) and these discounts only, will be applicable until the 30th June.

For next season, we are also showing a price difference between Wing and Centre seats in both Forecourt and Grandstand.

Please note that Barclaycard and Access Cards are no longer acceptable. We apologise for the inconvenience that this will cause to a minority of our Season Ticket Holders.

# ACTION AT THE DEN

David Martin marked his return to the side after injury and suspension with another injury!! David replaced the injured Dave Cusack against Wimbledon on Easter Monday and quickly received a head injury. Fortunately Dave came back after treatment looking very much like Dave Cusack because of a similar head bandage. On the left is a fine action shot of Kevin Bremner, also against Wimbledon.

# PRESS TALK

*With Peter Burrowes*

The Football League Associate Members Cup has become a farce with Millwall in the middle of the controversy over the Competition.

Nobody yet knows when the National Final will take place and the Football League have admitted that they don't even have a ground on which to stage the match.

The Competition is restricted to the Third and Fourth Divisions and the clubs were originally under the impression that the Final was at Wembley, but this idea was scrapped early on.

Now the League say the Final will be played hopefully in the week commencing 21 May, either on a neutral ground or on the ground of one of the finalists, if they agree.

Wembley could not be used as the venue because dates could not be agreed and the situation has been complicated by Plymouth Argyle reaching the FA Cup semi-final and getting behind with their fixtures.

Millwall in fact are due to visit Plymouth on Thursday 17 May — two days before the F.A. Cup Final, in the area semi-Final. Should they win, they then hope to play the area Final on either Sunday May 20 or Monday May 21.

The National Final is likely to be on Tuesday May 22 or Thursday May 24. It can't be Wednesday because the European Cup Final is being played on that date and is being televised live.

If the clubs in the National Final do not agree to playing on one or other of their grounds, the match is likely to be a financial disaster with supporters unwilling to travel to a neutral ground (probably in the Midlands), when the season is over.

The other Southern area semi-Final is between Bournemouth and Bristol Rovers, which is due to be played on Monday 14 May.

Tranmere Rovers have already reached the Northern Final and will be joined by either Hull City or Sheffield United, who play their semi-Final on Tuesday.

The prestige of this Competition which is in its first season, has certainly been hit by its apparent haphazard planning and the fixture chaos is not the only problem.

Clubs found that players who had been suspended for a couple of games through cautions in League matches, were also forced to miss the Associate Cup games if they were played during the suspension period, which certainly appears to be rough justice.

Another unsatisfactory aspect of the Competition is the fact that a club who were beaten in a preliminary round could still go through.

This in fact happened to Millwall who lost on penalties to Bournemouth, but went through in their group because of the number of goals they had scored.

The Football League said the venue for the Final would be subject to the wishes of the two clubs taking part.

A spokesman told me: "We knew when the Competition started that there could be problems because it had to be fitted in to an already congested fixture list. But the clubs wanted the Competition and the possible difficulties were pointed out to them."

"Now a few problems have been brought home to everybody but the clubs needed to be convinced of the complications."

"The current situation is not in our interests because we are hoping to get a sponsor next season."

It is possible the Cup will be run on different lines and we are looking into the suspensions issue. This is a matter for the Football Association not ourselves".

The League get plenty of criticism, some of it unjust, but they really do seem to have walked into the present furore by not taking a strong enough involvement.

It was down to them to find a ground and fix the date for the Final. It should not be the responsibility of the clubs.

## SPOTLIGHT ON BYRON THORNE

Byron Thorne one of our Directors, has Millwall in his blood. His Grandfather, Stan, used to take him to The Den as a young lad, and his father Alan is the present Millwall Chairman.

Byron, who says he is an eligible bachelor, has been a Director for two years. He wants to see the Club get into the Second Division as quickly as possible and pay it's way when it gets there. Byron is not a Director in name only he regularly spends time at the Club and he is responsible for Club salaries.

He is also very interested in the Youth Team and likes to watch them play as often as possible. In his spare time Byron enjoys a game of chess and also plays tennis.

## ***ANOTHER BIG WIN WITH MILLWALL*** **CLAPTON COUPLE WIN £500 ON OUR TREBLE CHANCE BINGO TICKET.**

Mr & Mrs Quinton of Clapton E5 came along to Millwall recently to pick up a cheque for £500 which they had won when purchasing a Millwall "Treble Chance" Lottery Ticket. Mr & Mrs Quinton are seen here receiving the cheque from Bob Manning who joined the Commercial Department 3 months ago as a sales representative. On the right of the picture is one of Millwall's unsung heroes, Andy Dewar. Andy is one of Millwall's best selling Lottery Agents and it was nice to see that he also had a win because, as the selling agent, Andy received a 10% bonus of £50.
